

Getting Organized at Home!

Ideally, your child should have:

- A quiet place to study
- Good lighting
- A desk and all necessary materials
- A special, uninterrupted time to study

Limit Distractions where possible:

- No T.V
- No video
- No phone
- No visitors
- Keep brothers and sisters separated when necessary

Music? Use good judgement

Food? Use discretion (it makes a good reward when studying is done)

CREATE AN ACTIVE STUDY AREA!
